Hi Graduates,

Location: Bryanston Drive, Sandton

Salary: R 25,000 – R 35,000 **Start Date:** January 2025

Who We're Looking For:

Final-year students graduating in 2024 with a passion for AI and predictive modelling. No prior experience is required.

Qualifications:

 Bachelor's degree in Actuarial Science, Statistics, Mathematics, Data Science, Computer Science, or a related field. Advanced degrees and certifications are a plus.

Role Overview:

Join our dynamic team as an Analyst, where you'll utilize data-driven insights to enhance decision-making and strategic planning in the healthcare actuarial field. This role is ideal for someone who is trustworthy, detail-oriented, and thrives in an energetic organizational culture.

Key Responsibilities:

- Assist senior consultants with product development, strategic projects, and research.
- Perform actuarial valuations and calculations.
- Engage with clients and verify data sources.

Skills and Expertise:

- Strong interest in AI and predictive modelling.
- Proficiency in statistical software (e.g., R, Python) and data manipulation tools (e.g., SQL).
- Exceptional analytical and problem-solving skills.
- Excellent communication skills, able to present complex information to nontechnical stakeholders.
- Knowledge of healthcare regulatory compliance is advantageous.
- Strong organizational and time management skills.

- Self-starter with meticulous attention to detail.
- Proficiency in Microsoft Office, especially Excel, Word, PowerPoint, and Outlook.

What We Offer:

- Competitive salary package.
- Professional development opportunities.
- Collaborative work environment that encourages innovation and growth.

If you're an analytical thinker passionate about the intersection of healthcare, actuarial science, AI, and predictive modelling, and you want to make a significant impact in the healthcare industry, we encourage you to apply.

About 30NE:

3ONE is committed to equal employment opportunities, providing a workplace free of discrimination and harassment. We strive for a diverse, inclusive, and equitable workplace, ensuring a sustainable business in South Africa.
